OUR NEW FULL COLOR CATALOG IS HERE!

- Expanded to over 51,000 products
- Easy-to-use quantity discount tables
- New suppliers and product lines
- Integrated category color-coding in the catalog, fliers and on the web

Need more copies? Go to ReidSupply.com and order them today!

Check out our NEW 2008 Reid Supply catalog ONLINE!

Browse our NEW Online Catalog and discover why Reid Supply is the preferred source for industrial supplies. It's easy to find the products you need with this intuitive online tool.

- Bookmark your favorite pages
- Search by product, category or page
- Color-coded categories help you locate products fast
- Highlight or add a note to pages
- Email pages directly to co-workers, friends, or Purchasing Managers
- Multiple display options
- Click on a product, get the details

Announcing REID SUPPLYLINE newsletter!

We are pleased to announce the new Reid SupplyLine monthly newsletter with informative articles to help you with your business. In addition to the four articles that discuss suppliers, business practices, technology and new products, you will have access to an entire eLibrary of information. There are also numerous calculators and other helpful tools. We also offer an "Ask the Expert" module that allows you to ask a question about a business challenge you are facing or a product you need and we will research it for you. Go to ReidSupply.com and sign up for Reid SupplyLine on the home page.

What's up with the COLORS?

Reid Supply is more colorful than ever. We've color-coded our product categories to make your job easier. Whether you're online, browsing our catalog, or checking out sale prices in the Savings Spotlight flier, color-coding saves time and gets you to the products you need quickly.

Ensure your sale price!

To receive Savings Spotlight sale prices **specify promotional code AFQ along with the catalog number**. It's just that easy!

Two Piece Construction

Sale Price
As Low As
\$10⁰⁰

Hardened ground steel. Shoulder tooling balls have a knurled shoulder. The weld between the ball and the shank is designed so the ball will fall off if subject to unusually heavy lateral force. This prevents set up and inspection errors that may occur because of a bent shank.

STAINLESS STEEL DRAWER SLIDES

These ball bearing drawer slides are made entirely from type 304 passivated stainless steel.

Full Extension

These three member slides are manufactured to allow you to pull the drawer out further than the slide length. This feature allows full access to the contents of the drawer.

Front-Disconnect Lever

Sale Price
As Low As
\$12⁰⁰

Popular style made in 304 stainless steel. These disconnect in the front by lifting a lever and have conventional and 32mm mounting pattern for 16 #8 Pan Head or M4 screws (not included).

Threaded Rubber Bushings

Sale Price
As Low As
13¢ Each

Bumpers have built-in steel screw for easy installation. They are manufactured with abrasion-resistant SBR rubber creating a bumper that is resistant to abrasion and oxidation, while offering excellent cushioning, and vibration control. They have a durometer of 70 (Shore A).

Applies quickly and easily wherever protection is needed against nicks, scratches, scuffs and slippage. Made of non-staining, non-marring polyurethane. All bumpers are sold by the pad. Just peel off and apply. Clear. Colors and other styles are available as special orders. Hardness is 60-70 Shore A.

Square and Rectangle with Steel Plate

With drilled and counterbored holes for mounting. Bonded to steel plate. Both neoprene and urethane have durometer hardness of 80 A except for FRB-52 which has durometer hardness of 35 A.

LINEAR BEARING

Ceramic-Coated Aluminum Shafting
Feather Shafting

Smooth and quiet
linear motion

Economical weight saving alternative to traditional steel shafting. Made from 601-T6 aluminum with a ceramic-coated finish that has a Rockwell hardness of 70C. Surface is non-magnetic and vibration resistant. Weld spatter, paints and contaminants will not stick. **Note:** Do not use with ball bearings. Pre-drilled and tapped shafting is interchangeable with standard pre-drilled shafting. Ends of shafting are not coated.

- World's first "absolute" type electronic caliper
- Datum point remains in memory until replacement of battery (approx. 20,000 hrs.) thus eliminating over-speed errors
- Origin setting, zero setting, data output
- Optional data hold unit and SPC cable with data switch
- Warnings for battery replacement and soiled scale
- Resolution to .0005" (0.01mm)
- Accuracy is ±.0001" inch/metric

IDS

- Absolute linear encoder
- Easy to read LCD display
- Inch/mm conversions
- Reverse reading
- SPC output
- Initial zero setting is held for entire life of the battery
- Over speed errors are eliminated

59¢
Each**

All Neodymium-Iron-Boron plugs are nickel plated to protect the brittle magnet material and avoid corrosion. They are commonly used in miniature applications such as linear actuators, sensing applications, gyroscopes, flow meters, recording devices, pacemakers, and alternators. Temperature range is -100° to +180°F (-73° to 93°C) unless noted. All measurements are in inches and tolerances are ±.005. Different shapes (rectangles, rings), sizes, high-temperature, non-coated, and higher strengths are available as special order. Please call for price and delivery.

WARNING: Maximum pull pounds are approximate and were attained using laboratory conditions. Size, shape, temperature, condition and finish will affect the actual pull force. Machining and grinding of any pressure formed magnet is not recommended. Never use for lifting over people.

MANIFOLDS

Nylon

Sale Price
As Low As
\$26⁴⁹

An economical replacement to steel manifolds. Nylon manifolds are molded from specialty-blended nylon material that is extremely durable and resistant to impact and corrosion. Used for air, water, lubricants or coolants in various applications. The nylon, with 6% fiberglass fill construction, allows leak free NPT pipe connections. Can be used with steel or brass fittings. Marked in and out and numbered porting for easy installation and identification.
